

Raise funds and help young heart patients to thrive

About Us

Untreated heart disease is one of the biggest health challenges facing our neighbours in Timor-Leste. One in every 28 people, (one in 20 girls) has rheumatic heart disease, a condition that's treatable and preventable. ETHF provides surgery in Australia and Timor-Leste for the most urgent cases, rhd prevention services, healthcare training and education. As a primarily volunteer-driven organisation, we could not improve community access to heart healthcare without generous supporters who share our passion to save young lives.

You can help continue vital services for heart patients in Timor-Leste by raising funds. Participating in a fundraising event is also a fun way to connect with your friends and family and help save a young person's life.

Fundraise for us

Run, walk or ride for us

Nominate us when you register for your event

Host a dinner, morning tea or picnic in the park

Ask for donations in lieu of gifts for milestone occasions

Create your own event for friends, workmates, school or sports club

Let the fun begin!

1. Create an online fundraising page. Go to [Justgiving.com](https://www.justgiving.com) to set up a fundraising page. Make your profile personal and engaging – include a photo and share your passion supporting ETHF.
2. Set your goal. Over the page you'll find some examples of projects that your fundraising can help support.
3. Keep your supporters updated as you head towards your goal.

Your impact

How you are making a difference

\$60

can help provide cardiac screening for a patient at our clinics in Timor-Leste

\$70

could provide a child a year's protection through our penicillin prevention program

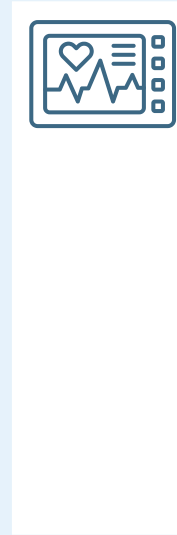

\$180

covers the cost of a Telehealth patient check-up with a cardiologist

\$5,000

can provide life-saving paediatric heart surgery for a child in Timor-Leste

\$7,500

could provide a portable echo machine to support rhd screening in rural communities

\$25,000

enables a patient to fly to Australia for mitral valve balloon surgery

Fundraise today and together we can save more lives!
